LEGISLATURE WILL STAY FULL TIME

Joint Resolution to Adjourn February 15th Defeated by Big Majority.

(Special to The Times-Dispatch.) RALEIGH, N. C., January 20.—The General Assembly, in joint session to-day, formally declared Senator Lee S. Overman re-elected to succeed himself for a second term in the Senate of the United States, after canvassing the result of the election in both branches. The total vote was 127 for Overman, 44 for Adams.

For a few minutes this morning the House was carried back fifty years. Colonel M. B. Whitfield, of Lenoir, who occupied a seat a half century ago, was a visitor, and was especially invited to take the very one he sat in at that time. This white haired patriarch was given an ovation.

In the Senate the Elliott joint resolution that the General Assembly adjourn sine die February 15th, was voted for by a big majority and a motion to reconsider the vote lost. The assembly is doomed to be here the sixty days.

In both the Senate and House bills were introduced to pay solicitors a salary of \$2,000 and no other compensation.

Senator Blow and Representative

Gordon were the authors. Senator Ray put in a bill that would legalize an 8 per cent. rate of interest when agreed upon by the parties.

Representative Connor sent in a bill raising the qualifications for applicants to practice medicine; providing that the instruction at college must be scientific as well as clinical, and those institutions whose degrees are accepted in lieu of examination must have a four-years' course instead of three.

Speaker Graham introduced a bill to put Henry H. Howard, one of the Maricac survivors, on the pension roll, fourth class, and pay him \$25. He was gunners' mate on the famous Iron-clad.

The bill to increase the salary of the Commissioner of Labor and Printing was referred to the Appropriation Committee after long argument.

Afraid of Ghosts

Many people are afraid of ghosts. Few people are afraid of germs. Yet the ghost is a fancy and the germ is a fact. If the germ could be magnified to a size equal to its terrors it would appear more terrible than any fire-breathing dragon. Germs can't be avoided. They are in the air we breathe, the water we drink.

The germ can only prosper when the condition of the system gives it free scope to establish itself and develop. When there is a deficiency of vital force, of vigor, restlessness, a sallow cheek, a hollow eye, when the appetite is poor and the sleep is broken, it is time to guard against the germ. You can fortify the body against all germs by the use of Dr. Pierce's Golden Medical Discovery. It increases the vital power, cleanses the system of clogging impurities, enriches the blood, puts the stomach and organs of digestion and nutrition in working condition, so that the germ finds no weak or tainted spot in which to breed.

Golden Medical Discovery contains no alcohol, whiskey or habit-forming drug. All its ingredients are printed on its outside wrapper. It is not a secret nostrum but a medicine of every composition and with a record of 40 years of cure. Accept no substitute—there is nothing "just as good." Ask your neighbors.
